CAGP-CCSMH ANNUAL SCIENTIFIC MEETING

OCTOBER 29-30 2021
VIRTUAL

ABOUT

The 2021 CAGP-CCSMH Annual Scientific Meeting will focus on the theme “**Geriatric Psychiatry in Challenging Times: Embracing Opportunities for Advocacy, Inclusion and Innovation.**”

Accreditation

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada, and approved by the Canadian Geriatric Society.

This Group Learning program has been certified by the College of Family Physicians of Canada and Quebec Chapter for up to 9.00 Mainpro+ credits.

ASM Learning Objectives

At the end of this conference, participants will be able to:

- describe and integrate promising practices in mental health care for older adult populations;
- identify basic and applied research on the contributors to wellbeing and mental illness in older adult populations; and
- apply interdisciplinary strategies that promote the mental health of older adult populations.

Please Note

- All times listed in the program are in Eastern Time.
- A minimum of 25% of each session will be dedicated to participant interaction.

Thursday, October 28, 2021

6:00 p.m. ET – Screening 7:00 p.m. ET – Q&A	Social Event: CAGP-CCSMH’s “A Night at the Movies” Grab your popcorn and a favourite drink! Join us as we gather virtually to enjoy a special screening of the documentary “Love: The Last Chapter” - a documentary case study on senior’s living and the importance of connection and intimacy at all ages. Following the screening, the writer/director will be available for questions and discussion. Further details can be found here .

Posters

This year the CAGP-CCSMH poster presentations will have two elements. All posters will be accessible to registered delegates in the ASM portal and will include an electronic poster and a video description. The 2nd element is the Minute Madness Poster session on October 30 from 2:25 p.m. – 3:05 p.m. which include those who opted to present their posters virtually. The virtual poster rounds have been divided into 3 groups (Innovations in Service Delivery, Education and Capacity Enhancement, and Research). Registered delegates will be able to choose which poster room they would like to join for the virtual presentations. For a complete list of posters, see below.

Thank you to the Canadian Institutes of Health Research – Institute of Aging for supporting the trainee posters.
